SUBJECT.

File re the Inspection Notes of Secretary Superintendent of the Mysore Institutions managed by the Palace Officers at Mysore

PREVIOUS REFERENCES.	LATER REFERENCLS.

Notes of Inspection by the Muzrai Secretary of the Muzrai Institutions under the management of the Palace Officer.

1-1901

I have inspected these institutions more than once and I beg herewith to submit the result of my visit on the 12th February 1906.

12th February '06. Sri Prasanna Krishnaswami temple.

This temple is in good condition, but the Kotara Mantap has been lying without a roof for many years past. The work is costly and the best manner of roofing it is being considered by the Palace Officer under instructions from this Office. There is some fault in the drainage of the cooking room which I have asked the Palace Officer to set right at an early date. Some old and worn out curtains used in the main temple have been ordered to be replaced. Some old lumber and old and useless records have, under orders obtained from the Dewan and the Councillor, been directed to be destroyed. The big car of the Ammanavaru was thoroughly repaired at a cost of ₹1,800/- and the other car of the God requires similar repairs. The balance at the credit of the temple would be only ₹173-0-8 after making certain payments due.

Sri Varahaswami temple.

This temple was thoroughly repaired recently at a cost of about ₹1,700/-. The temple servants ask that the floor of the open Prakara may be slabbed with stones and that the big Suryavahana from which gold had been scraped away should be thoroughly renovated. The works are however very costly and need not, I think, be undertaken. There is a balance of ₹45-11-0 at the credit of this temple.

Sri Lakshmiramanaswami temple.

This temple also was recently repaired and is in good condition.

Sri Trineswaraswami temple.

This temple was repaired about 5 years ago at a cost of about ₹4,000/-; but it still requires some repairs in the Vahana Mantap. For repairing the Ashtabandhana of the several Mirrhas in this temple, a sum of ₹ 700 was sanctioned last year, but the work has been kept waiting for an auspicious day which will be fixed in the next Vaisakha (May). The kavacha or metal covering of the main Goddess was recently gilt with gold at a cost of about ₹1,000/-. The balance at the credit of this temple is ₹

Sri Chamundeswari temple on the Hill.

Repairs and improvements to the extent of ₹6,000 odd have been sanctioned recently and the work entrusted to the Palace Officer for execution. The question of constructing an enclosure for the car and the acquisition of two houses therefor is being dealt with by the Palace Officer who has promised an early report on the subject. There is a doubt that even the space occupied by the two houses in question may be found insufficient. The temple has at present no savings at all, owing to the petty repairs effected to the car and to some of the jewels. The cost of feeding in the Devikoota is being exceeded at the rate of about ₹20 a month owing to the increase in the prices of provisions and money has to be found therefor.

The Sri Mahabaleswara temple calls for no remarks and to the Sri Narayanaswami temple repairs have been recently sanctioned. The Uttanahalli Sri Jwalamukhi Ammanavaru temple is in need of repairs and a sum of 1,000 odd has been sanctioned for its restoration. The Sri Chandramowleswaraswami temple on the way to Paschimavahini is in good order, but as the charges of feeding during the Tulamasa is debited in equal proportions to this temple and to that of Sri

Manonmaneswara, the balance is only ₹339-7-11 at the credit of this institution. The Palace Officer was requested to try and give out for cultivation 49 acres of land belonging to this temple which are lying fallow.

The Sri Manonmaneswaraswami temple requires repairs to the extent of ₹300/-, but the balance on hand is only ₹19-8-4. Funds will be found upon receipt of the report from the Palace Officer.

H.H. the Maharaja's Chattram at Mysore.

The balance at the credit of this Chattram is ₹3,947/-, but a large portion of this has to be paid away for excess in the cost of feeding due to the large number of visitors and the high prices of food grains. The amounts of such excess are shown below:-

For excess cost of ordinary feeding from July to December 1905.	₹800-0-0.
Probable cost of ordinary feeding from January to June 1906 (excess)	,, 600-800.
Distribution of Kargalarakki rice from June to December 1905 (excess)	,,800-0-0.
Probable cost of Kargalarakki rice from January to June 1906 (excess)	,,600-0-0.
Additional cost of feeding during the visit of H.R.H. the Price of Wales. .	,,906-13-4.
Total	₹3,706-13-4.

Thus, all the savings are likely to be taken up by this item

of excess cost of feeding, leaving nothing for permanent improvements. Repairs however to the extent of ₹2,000 are urgently required for this institution, besides a sum of ₹1,000 or so for acquiring two small gardens by the side of the Chattram which are making the place damp and insanitary. It would appear that about ₹ 3,000 belonging to the Budget of this Chatram have lapsed to the State during the past 5 years. I have requested the Palace Officer to investigate the point and submit it for orders in view of getting back the amount if possible.

Last year, H.H. the Maharaja was graciously pleased to sanction a sum of ₹1,000 being the excess expenditure incurred during the last Dasara and also an annual provision of ₹ 1,500 for similar expenditure in future. This is a great boon which will obviate future applications for the feeding during the Dasara.

H.H. the Maharaja's Sanskrit College.

Repairs to the extent of ₹ 2,000 were executed recently and important improvements have been made in the quarters allotted for the occupation of the students. A well which I found in disuse during my recent visit was ordered by me to be cleaned up then and there at a small cost of ₹25. Some slight

repairs to the building at a cost of ₹570 are still required and the bill will be sanctioned on receipt of the estimate.

The balance after deducting this cost, would amount to ₹297-11-0.

8/3/06

The original of this was submitted to the Deputy Secretary the Executive Council today

Notes of Inspection

by the Manager

Secretary of the

Manigrami Institutions

under the management

of the Palace Office

(October 1906)

The date of the

last inspection :—

February 1906

The Tirumuruganathaswami temple :—

The repairing

of the Ashtabandham

of the several Vigrahas

in this temple, which had

been sanctioned at an

estimated cost of

Rs 700 last year was

completed during

the year, the actual
cost incurred therefor
being Rs which
included the cost of
preparing a silver
car to the Mula Linga
Devi Sivaprabhaya,
a staunch devotee,
has presented to the temple
[illegible]
worth about Rs 200.
One Mr Vasudevaiah
has it seems, undertaken
to have silver covers ~~done~~ prepared
to all the Rudrakshis.
Some portions of
Lakkavalli and Kammaragi
~~~~
mountain were reported
to be burning. The Police
Officer will be addressed
~~~~

The Vahuma formation requires thorough repairs but it is a costly business. A path over the steps leading to the tomb of the temple is necessary. Of the Vahuma Bhúta Vahuma and similar Vahuma are in good condition and the others are all broken.

Rudrakshi

Bhumi is exposed to sun and rain. Some kind of shelter over it is very necessary.

will be written on all
the above points.

12-10-1906 :— Sri Varadharaja Swami temple

The kitchen has
been well-flavoured with
stone slabs and
a number of windows
have been newly opened. There is a hole
in the eastern wall
of the kitchen, through
which iron bars should
be fixed

All the repairs have
been excellently done
including the flooring
of the Mandapam and
the construction of the buttresses to the Compound
wall. The wooden portion
of the Garudamandala
Vahana is damaged.
This will be attended
to early - The amounts
which have to be recovered
from the temple funds

in connection with
the sweeping of the
gold from this Vahana
are reported to have been fully recovered
Some rubbish
has been thrown into
the well situated
within the Compound.
It should all be
~~cleared out~~ removed
and the water kept
clean -

12-10-06 :- Sri Sundareswarar Temple :-

The Palace Officer
has not yet submitted
his report regarding
the best manner of
sweeping the Vahana

been lying waste without

a roof for many years

past. A reminder will

be sent to him -

fault in the

The drainage

of the cooking room which was pointed out

has been set right. during my last

inspection

The f of or curtain

having up in front of

the sanctum requires

to be replaced - The

Palace Officer will

be asked to attend to it.

old

All the other curtains

have been replaced by

new ones

12-10-06. The Lakshmikantamaswami temple:

There is nothing

worth noting here except-

present

the condition of the

the Dharmajustambha
which is standing to
one side and is conse-
-quently being supported
by bamboos on both
sides -

It was reported
by the temple servants
that the Agreement
was lacking. The Police
Officer will be addressed
on the subject.

12-10-06. N. H. the Dharmarajas Sanskrit College: —

The repairs sanctioned
to the extent of Rs 2000
to the College building
have all been completed
except the repairing of
the Eave boards

one of the Lottis, the
estimated cost of which
is about Rs 140.

At the Darwar
Representative Assembly
held in October last, some of the
~~Basava Kasaragod~~
~~and Kasaragod Basavaraj~~,
Representative members
of the Belur Taluk, suggested
that schools to teach
Ayurvedic medicine
might be established
in each District and candidates
possessing in the country
appointed as Pandits
in big villages to dispense
native medicine. It
was also suggested
that the candidates

who

who completed their
course of studies
in Vaidyasastra in
the Sanskrit College
at Singapore might
undergo training in
the practical dispensing
of medicines in the
Sandiganpores Hospital
in Singapore before being
declared as having
passed the Vidwat-
examination - the
Govt having thereupon
directed ~~me~~ that
a scheme in furtherance
of the suggestion be
drawn up by me and
submitted to Govt,

10

I inspected nursing in the College Section class and collected information here and in the Investigations Hospital. A separate note will be submitted on the subject.

Submitted

7/11/06

Notes of inspection by the
Museum Secretary, of the Museum
Institutions under the management
of the Palace Officer.

Date of last inspection:— Tuesday the 16th July 1907.

I inspected the Palace
Museum institutions more than
once, i.e, in October 1906
when I was in Mysore for the
Dasara, again in
and once again on the 16th
January and this time in
company with Mr. B. Ramakrishna
Rao, Officer in charge of the Palace
Museum institutions

Steps were taken, in communication with the Palace Officer, on the several points observed during my inspection and action will be taken on the other points as detailed below.

I. H.H. the Maharaja's Charities and Kanyalarakki Charity.

The Taxdik allotment for the Kanyalarakki charity or distribution of rice to the blind, lame & destitutes in Mysore city, is Rs 750 per mensem. On the day of my inspection rice was being doled out to the recipients of the charity.

under the supervision of Mr.
Amble Annah Pandit and
Palace Dharmadhikari Kuthi
Sastri - Dharmadarsis - assisted
by the Chairman Gumastas and
one a two officials of the Palace Office.

The number of recipients
of this charity was originally
about 5 years ago 526
& the present number on the
rolls is 327. Out of the
surviving members of the
original number of recipients,
32 persons were removed
by the Committee on ...

of their having been found
able bodied, and I was
informed that about 5
persons out of those so removed
are destitute and that their
cases are under the consideration
of the Palace Officer

On account of the rice
doled out to the recipients
of this Charity excess expenditure
is being incurred month after
month and bills of actual
Charges incurred, are pending sanction
received in the Musjid Secretariat from the Palace Officer
on account of the verification
of the balances at the credit
of the Palace Muzjid minors, by the Govt Supdt.

With the view of curtailing excess expenditure under this head the Palace Officer, has, in consultation with the Dharmadarsis fixed the quantity of rice doles in the case of each recipient at 15 seers as the minimum and in the case of those who get more quantities, 1/5th the quantity is reduced except in the case of the blind and the lame, & rice doled out.

A detailed report on the above, together with a statement of actual expenditure

during the past will be called
for from the Palace Officer and
on its receipt, will be subtd
in due course for sanction
as the Contracts who supplied
rice is pressing for payment.
I however noticed that the
rate charged for the rice, was
rather a little too high namely
Rs 13-8-0 per Palla. Considering
the Quality of the rice, Rs 12 per
Palla would be reasonable, but
there seems to be no way to reduce
the rate now as it was previously
accepted - This will be noted
for guidance in the future.

II Sadabarth or rations
to Bhyragees.

3/4 lbs. seer of rice and
1 anna for condiments &c are
given in the Chattram to each
Bhyragi - or religious mendicant
out of the Zardik allotment
of Rs 50/- per mensem fixed for
the purpose. Under this head
there has been savings of nearly
Rs 20 a month on an average,
as the same Bhyragi pilgrim
is not given rations for more
than 3 days

III Feeding:—

The Parakh for Santarpane including the cost of Establishment in the Chattram is Rs 630-8-0 per mensem. Bills on account of excess expenditure incurred in feeding have been received in this Office and for want of the verification of the balances mentioned ~~recited~~ above, they are pending sanction. Of late, however, there has been savings under this head and it is trusted that excess expenditure will not be incurred in the future under the careful Supervision of the present Staff

The Sudra servants of the Chattram complained to me that hitherto they were allowed to take meals in the Chattram both in the morning & in the night and that they have since been disallowed. I think it is a hard case & that they may be allowed one meal a day. The Salaar Officer will be written to in this matter.

Repairs to the Chattram buildings were recently carried out and the two kitchen rooms - one for Smarthas & the other for Madhwas - were

with Mangalore tiles. These
tiles have been broken by the
monkeys and the cause is
attributed to the monkeys
climbing the Cocoanut trees
very near the roof & throwing
the green Cocoanuts from the
top. To prevent the mischief
the only remedy that suggested
itself to me on the spot was
that the trees should be removed.
The Dharmadarsi & the Palace
Officer all agreed to the suggestion
& the Palace Officer will be written
to in the matter.

Sri Varahaswami temple:—

The kitchen has been neatly floored with stone slabs and half a dozen windows kept which admit enough of light & air. There is however a small opening in the Eastern wall of the kitchen room which should be protected with iron meshes to prevent monkeys getting in.

The wood work of the Surya mandala Vahana has deteriorated and it has to be renovated.

be taken in the matter soon.

In one of my previous inspections, I found rubbish thrown into the well within the compound of this temple & I had issued orders for its removal. In my last inspection, I found the well kept clean & the water in it used for temple purposes.

Sri Prasanna Krishnaswami Temple:

The Temple Servants want a pipe by the side of the well within this temple. I think that it is not required as water from the well can be used. Besides,

they may probably make the whole place damp allowing unnecessary flow from the pipe. I have asked the Palace Officer to consider the requisition & report.

The Pahara men require dress The Palace Officer will be requested to report upon the kind of dress that can be supplied so as to distinguish it from the kind of uniform worn by the Sepoys. An Estimate will be called for this & for the preparation of screens required for use in the [illegible]

the question of roofing
the Kotavatawa - an architectural
& ornamental building - in
this temple, has not as yet been
settled. The Palace Officer promised
to submit a design in accordance
with a new pattern of metal
roofing which it was stated
was being tried in the Yuvaraja
Maha. This will be awaited
& submitted in due course.

Sri Isvaraswami Temple:—

A sum of Rs 700 was sanctd
last year for the Ashtabandhana
of the several idols in this temple
& the work has been completed

Out of the sanctioned amount, a silver bracelet round the linga has also been prepared & is now in use.

One Sivapadiah has presented to the temple a garland of Rudraksha beads & one Mr. Vasudeviah is desirous of plating the beads with silver.

A corner of the roof of the Navaranga Mantap is reported to be leaky.

The drain water near the water tap stagnates on account of debris obstructing the flow.

A neat gate at the

entrance to the staircase leading to the roof is required.

— The temple car is exposed to sun & rain. A small car shed to the ~~rear~~ left of the temple at the entrance is required. The buildings should be neat so as to be in keeping with the beauty of the locality

— Upon all the above points, the Palace Officer will be addressed

MUZRAI SECRETARIAT.

Muzrai F. No.

Enclosure No.

Sir,

I am to state that when Mr M. Shama Rao, M.A., the late Muzrai Secretary visited Mysore in May last, he observed on examining the list of Nehimdars of H H the Maharaja's Chatram, that the Nehimi allowances had been granted to some of them under the your orders of the late Pool and to some others under the orders of "Ramanna the late Manager". With refee to this, I am to point out that it is undesirable to admit any new Nehimdars into the Chatram

the object of the grant, viz the feeding of bona fide travellers in the Chattram, is thereby defeated. I am accordingly to request that you will be so good as to report the circumstances under which new admissions of Nehimidars were made, in spite of the Govt Order of the 27th February 1903, laying down specific instructions on the subject.

2. An early reply is awaited.

I have &c,

This note has to be placed before His Highness as per recent orders.

(Sd) M. S.

12-5-04

Notes of Inspection.

-----:&:-----

On the morning of Tuesday the 3rd May 1904, I inspected the under-mentioned Muzrai Institutions in Mysore City which are under the Management of the Palace Controller':-

I H.H. the Maharaja's Chattram

II Sri Varahaswami temple

III. Sri Prasanna Krishnaswami temple

IV. Sri Lakshmiramanaswami temple

V. Sri Trineswaraswami temple

2. H.H. the Maharaja's Sanskrit College and the Sri Prasanna Manjundeswara swami temple at Santepet, Mysore City were also inspected. The compound wall round this temple requires certain petty repairs and the Dharmadarsi of the temple Mr. Amble Anniah Pandit who was with me said that an estimate had been prepared for the works. The Deputy Commissioner will be requested to expedite the submission of the estimate.

3. I noticed that certain private individuals who are devotees of the temple

have built minor shrines within the compound of this temple and consecrated therein the Vigrahas of Sri Narayanswami Veerabhadra &c.. It does not appear that provision has been made by them for the maintenance of their worship . The sanction of Government ought to have been obtained before such additions were allowed to be made but as the works have been completed and the Vigrahas installed the only remedy now is that the devotees who built the temples should be asked to make due provision for the performance of regular worship &c therein. The Deputy Commissioner will be addressed on the subject.

3. H.H. the Maharaja's Chattram was next inspected. The roofing of this building which is covered with country tiles has undergone repairs several times and is even now in need of being shifted and replaced here and there. It was said that monkeys meddled with the tiles and deranged them and that nothing short of roofing the building with Bengal terrace would prevent the

monkeys from officiousness. But the cost, I think, will be very heavy and what is immediately required is that certain petty repairs should be executed to prevent leakage.

The temple built by Mr. Kantaraja Urs was also visited.

4. Under orders conveyed in Govt. Pro. No. 1293-4 dated 7th June 0[illegible] Sanskrit School-going students not exceeding 30 in number are fed in the Chattram without exceeding the sanctioned allotment of Rs600. There are now 24 students actually fed, and all of them get scholarships from H.H. the Maharaja's Sanskrit College. In the Order referred to above, the Palace Controller was requested to report whether the scholarships held by such students might be withheld in whole or in part and placed at the credit of the Chattram. No such report has been received as yet. The Palace Controller's attention will be invited to the Pro. and a report will be called for as above. A list of the students fed is appended.

5. The list of Nehimidars was examined and the authority sanctioning the Nehimi allowances is not quite apparent in all cases. In some cases it is merely said that the allowances are granted on the oral orders of the Palace Controller and in some cases under the oral orders of "Ramanna Manager". As a rule it is not desirable to admit any new Nehamidars into the Chattram as the object of the grant viz, the feeding of the bon fide travellers will thereby be defeated. The Palace Controller will be requested to report the circumstances under which new admissions were made in spite of the Government orders on the subject.

6. A piece of vacant ground adjoining the Chattram was stated to be required for the Chattram and I think it is really necessary to acquire it. In June 1900, when I was on special duty in connection with the general feeding on the occasion of the marriage of H.H. the Maharaja, I had to keep a watchman to prevent people from committing nuisance in the place while close

by ffeding was going on. As this belongs to private individuals it will have to be acquired under the Land Acquisition Act in communication with the Deputy Commissionor. I believe the cost will&&& not exceed 30 or 40.

Sri Varahaswami temple.

7 This important temple is properly conserved . There are however a few peepal trees growing in the crevices of the water spouts and on the Gopuram. These will have to be rooted out.

8 An estimate for flooring the kaisa le Mantap of the temple with stone slabs appears to have been prepared,. This is very desirable, if funds can be found, as the chunam flooring has given way in many places

9 It was 9 o'clock in the morning when I inspected this temple and at this hour there were only 8 persons of the temple establishment present. From the attendance register it was observed that the marginally noted persons have been absent for the past

two months nearly without even obtaining leave.

10. The Barawarddars whose names have been entered in the revised Taadik Patti have not been attending to their duties. They have appointed gumastas who perform the work, receiving a moiety of the allowances attached to their respective offices. In the interests of the temple, the Barawarddars should either perform their duties themselves or give up the entire emoluments which are generally small to the substitutes.

Sri Lakshmiramanaswami Temple.

11. The roof of the store room of this temple leaks badly. It requires early repairs and an estimate will be called for from the Palace Controller. This temple is otherwise kept neat and clean.

Sri Trineswaraswami Temple.

12. The Ashtabandhana of the Vimana in this temple requires renovation, and an estimate will be called for for the purpose. I found the windows newly opened in the Garbhagudi kept shut and the adjacent

walls coiled with dirt and soot. The Chick Parpattegar does not appear to be regularly attending to his duties.

Sri Prasanna Krishnaswami Temple.

13. The kotara in this temple in which Kotarotsavam for 10 days in the year was being held is a beautiful and architectural mantap constructed apparently at a large cost. The gable over the 4 neatly carved pillars has been removed and portions of the mantap are exposed to sun and rain. This, I think, requires to be carefully conserved.

14. The Garbhagudi (Sanctum Sanctorum) leaks badly and the same has been reported to the Palace Controller by the temple Parpattegar. An estimate to stop the leakage will be called for. The car of the Ammanavar of this temple is also in need of repairs. The flooring of the Prakara of the temple requires to be slabbed; and an estimate therefor is stated to be under preparation. The Dhwajasthambha requires petty repairs.

5th May 1904.

15. The temples of Sri Chamundeswari,

on the Chamundi Hill were inspected.

16. Unlike other temples, Abhisheka twice a day- once in the morning and again in the evening- is regularly performed in the Sri Chamundeswari temple. The recent repairs executed to the temple have given it more light and air. The worship &c., is properly conducted.

17. Valuable Saries (ಸೀರೆ) presented from time to time by the family of His Highness the Maharaja are now kept in a broken box. A large steel trunk may, I think, be given to the temple authorities for the purpose. The Palace Controller will be requested to purchase one.

18. The wheels of the Simha Vahana have deteriorated. They require to be replaced with new ones.

19. The Dhwajasthambha of the Sri Mahabaleswaraswami temple has sunk down, the portion immersed in the earth having been eaten away by white ants. This requires to be replaced and as the height of the post is only about 24 feet it is easily procurable.

20. Upon a requisition from this Office the Executive Engineer of the Mysore Division has, after inspection, prepared estimates for repairing the compound wall of the Sri Chamundeswari and Narayanaswami temples and the surrounding wall which during the last monsoons have slipped in places. It is desirable to floor the compound of the Sri Narayanaswami temple with stone slabs to a width of about 3 or 4 feet.

21. From enquiries made by me, I found that the present Dharmadarsees who all live at Mysore are not able to visit the temples on the hill on account of the physical labor involved. The Amildar of the Taluk, except when he may not be a Hindu, may be ~~one of the Dharmadarsees~~ empowered to inspect the temple as he has chances of visiting the Hill on other duties also.

Submitted.

This will either be typed or copied after the Secretary's observations are embodied & this rough draft approved.

5/5/04

Notes of Inspection.

On the morning of Tuesday the 3rd May 1904, I inspected the undermentioned Nuzrai Institutions in Mysore City which are under the management of the Palace Controller:-

I H H the Maharaja's Chathram

II The Sri Varahaswami temple

III " " Prasanna Krishnaswamy "

IV " " Lakshmiramanaswamy "

V " " Trivikramaswamy "

2 H H the Maharaja's Sanskrit College and the Sri Prasanna Venu-gopalaswamy temple at Santipet, etc, etc

city were also inspected.
The Compound wall
round this temple
requires certain petty
repairs and the
Dharmadarsi of the
temple Mr Anble
Anniah Pandit who
was with me said
he had that an estimate
had been
prepared for the works.
The Deputy Commissioner
will be requested
to expedite the submission
of the estimate, and
~~the same will be~~
~~sanctioned soon~~
~~after its receipt.~~
New para
I noticed that certain
private individuals
who are devotees of
the temple have

built minor shrines within the compound of this temple and consecrated therein the Vigrahas ~~idols~~ of Sri Varaja Swamii, Veerabhadra etc. It does not appear that ~~due~~ provision has ~~hereto~~ been made by them for the maintenance of ~~their worship~~ ~~the temples so built~~ by ~~them~~. The sanction of Government ought to have been obtained before such additions were allowed to be made ~~to the temple~~, but as the works have been completed and the Vigrahas ~~idols~~ installed ~~therein~~, the only remedy ~~that suggests itself~~ now is that the devotees who built the temples

should be asked to make due provision for the performance of regular worship &c therein The Deputy Commissioner will be addressed on the subject.

3. H H. the Maharaja's Chattram was next inspected. The roofing of this ~~construction~~ building which is covered with country tiles has undergone repairs several times and is even now in need of being sifted and replaced in places here and there. It was said that monkeys

meddled with the tiles and ~~replaced~~ arranged them and ~~that~~ nothing short of roofing the building with Bengal terrace would prevent the monkeys from officiousness. ~~will be a permanent one~~ But the cost, I think, will be very heavy and ~~I cannot tell~~ what is immediately required is ~~that certain~~ ~~have to be accumulated before the work is undertaken.~~ Petty repairs should be executed to prevent ~~the~~ leakage ~~as however now necessary.~~ Under

Para-

orders conveyed in Govt. Pro. n° 1283-4 dated 7th June 1901, Sanskrit-School-going students not exceeding 30 in number are fed in the Chattram without exceeding the sanctioned

allotment of Rs 500/- provided for feeding therein. There are now 24 students actually fed, and all of them get scholarships from H H. the Maharaja's Sanskrit College. In the order referred to above, the Palace Controller was requested to report whether the scholarships held by such students may be withheld in whole or in part and placed at the credit of the Chattram. No such report has been received as yet. The Palace Controller's

7.

~~reference~~ attention will be in-
-vited to the Do. and
a report will be called
for as above. A list
of the students fed
~~and another of the~~
~~Nehamidars~~ is appended.

The list of Nehamu
-dars was examined
and the authority
sanctioning the
Nehamu allowances
~~has been~~ is not quite
apparent in all cases,
~~satisfactory~~. In some
Cases it is merely
~~simply~~ said that the allowances
are granted on the
~~word~~ oral orders of
the Palace Controller
and in some cases
as under the oral
orders of "Ramanna
Manager". As a Rule

no new annidars
should be admitted
into the Chattram
as the object of the
grant viz the feeding
of the bona fide
travellers will thereby be
defeated. The Palace
Controller will be
requested to report
the circumstances
under which new
admissions were made
in spite of the forbi:
orders on the subject.

A piece of vacant
ground adjoining
the Chattram was staked
to be required for
the Chattram. As
this belongs to private
individuals it will

and I think it is really necessary to do so. I received
when I was on special duty
in connection with the Queen's
proceeding on the occasion
of the wedding of H. H. the
Peshwa Saheb, I had to keep
a Brahman watchman to
prevent people from
encroaching on the
ground by.

have to be acquired under the Land acquisition Act in Communication with the Deputy Commissioner. I believe the costs will not exceed Rs 30. or Rs 40.

Sri Varahaswami temple

This important temple is properly conserved. There are however a few peepal trees growing in the crevices of the water spouts and on the Gopuram. These will have to be rooted out.

An estimate for flooring the Kaisala Mantap of the temple with stone slabs appears to have been prepared. This is however very desirable as the Chunam flooring

has given way
many places. ~~Flooring~~
~~with slabs will be~~
a permanent one
~~The Palace Controller~~
~~will be requested~~
~~to send up the estimate~~
early.

It was 9 o'clock
in the morning when
I inspected this temple
and at this hour
there were only 8 persons
of the temple establishment
present at the time.
From the attendance
Register it was observed
that the marginally
noted persons have
been absent for the
past two months
nearly without even

Nos 15, 16, 17, 18, 21
26, 55, 61, 63 & 64
in the revised
Jasdik Patta

So what are their
answer. Enter &
then apply also

Attaining Leave.

The Barewardars whose names have been entered in the revised Jasdik Patte have never been attending to their duties. They have appointed ~~their~~ gumastas who perform the work receiving a moiety of the allowances attached to their respective offices. In the interests of the Temple the Barewardars should either perform their duties or give up the entire emoluments which are generally small to the substitutes.

Sri Lakshmiramana Swami temple.

The roof of the store room of this temple leaks badly. It requires early repairs and an estimate will be called for from the Palace Controller

(12)

This temple is otherwise
kept neat & clean.

=

Sri Jnaneswaraswami temple.

The Ashtabandhana
of the ~~idol~~ Vigraha in this
temple ~~has gone out~~ requires renovation
and an estimate
for ~~renovating it~~ will
be called for for the purpose
~~The~~ Found the windows newly opened in the Garbagriha kept shut,
~~factories~~ The and the ~~archaka place~~ adjacent wall,
~~Archaka~~ Sooted with dirt and
Soot.
~~Archaka~~ Pujari
does not appear to
be regularly attending
to his duties

=

Sri Prasannakrishna
- Swami Temple.

The Kotara in
this temple in which
Kotaroswara for 10
days in the year
is held is a beautiful
was Very

and architectural
mantap ~~apparently~~ constructed
apparently ~~at~~ a large increase cost.

The gable over the 4
nearly ~~covered~~ carved pillars
has been removed
and portions of the
mantap are exposed
to sun and rain.
This I think,
requires to be
carefully conserved
~~and the cost may~~
~~come to about Rs 1200/-~~
~~or so. An estimate~~
will be called for
from the Palace
~~Controller & sanctioned~~
~~to prevent its further~~
~~deterioration.~~

The Garbhagudi
(Sanctum & Sanctorum)
leaks badly and the
same has been reported
to the Palace Controller

by the temple Parpathegar.
An estimate to stop
the leakage will be
called for. The car of
the Ammanavaru
of this temple is also
in need of repairs.
The flooring of the
Prakara of the temple
requires to be slabbed,
and an estimate
therefor is stated
to be under preparation. The
Dhwajasthambha requires
petty repairs.

5th May 1904

The temples of Sri
Chamundeswari, Sri
Mahabaleswara and
Sri Varahaswami
on the Chamundi
Hill were inspected.

Unlike ~~other~~ temple Abhisheka three a day - once in the morning and again in the evening - is regularly performed in the Sri Bhaumndeswa temple. The recent repairs executed to the temple have given it more light and air. The worship &c, is properly conducted

(2 illegible)

Valuable saree's presented from time to time by the family of H. H the Maharaja are now kept in a broken box. A large steel trunk capable ~~of holding about 20 or so should be purchased~~ may I think be and given to the temple

authorities for the purpose. The Palace Controller will be requested to purchase one.

The wheels of the Simha Vahana have deteriorated. They may require to ~~wheels should~~ be replaced with new ones. ~~Action will be taken in communication with the Palace Controller~~

The Dhwaja Thambha of the Sri Mahabaleswara Swami temple has sunk down, the portion immersed in the earth having been eaten away by white ants. This requires

to be replaced and as the ~~weight~~ height of the post is only about 24 feet it is easily procurable. ~~procured and the Palace Controller will be requested to do the needful.~~

Upon a requisition from this Office the Ex: Engineer of the Mysore Division has, after inspection, prepared estimates for repairing the Compound wall of the Sri Chamundeswari and Narayanaswami temples and the Compound wall which during the last monsoon have slipped in ~~Several~~ places ~~Immediate~~ ~~should be made~~ to

floor the compound
of the Sri Narayan.
Swami temple with
stone slabs to a width
of about 3 or 4 feet.
~~This will be included~~
~~in the estimate prepared~~
~~by the Executive~~
~~Engineer.~~

From enquiries made
by me I found that
the present Dharmadarsis
who all live at Mysore
are not able to reach the
temple on the hill on
account of the physical
labour involved. The
Amildar of the taluk,
~~if he is a Hindu~~ except
~~in those rare instances~~
when he may not be a
Hindu may be one of the
Dharmadarsis as he
has chances of reaching
the Hill on other duties
also. ~~In case he is otherwise~~
~~the Amildar happens to~~
~~be a Mussalman a~~
Non-Hindu,

(Rough)

Notes of Inspection

On the morning of Monday the
3rd May [illegible] I inspected the
undermentioned Municipal Institutions
in Mysore city
(which are under the management of the
Mysore Municipality)

Sadasivarth

Sankaranarayanan -

Notes of Inspection by the Muzrai Secretary

the Muzrai Institutions under the management of the

Palace Officer.

I have inspected these institutions more than once and I beg herewith to submit the result of my visit on the 12th February 1906.

12th February '06. Sri Prasanna Krishnaswami temple.

This temple is in good condition, but the Kotara Mantap has been lying without a roof for many years past. The work is costly and the best manner of roofing it is being considered by the Palace Officer under instructions from this Office. There is some fault in the drainage of the cooking room which I have asked the Palace Officer to get right at an early date. Some old and worn out curtains used in the main temple have been ordered to be replaced. Some old paper and old and useless records have, under orders obtained on the Devan and the Councillor's, been directed to be destroyed. The big car of the Ammanvar has been repaired at a cost of Rs.1,400/- and the old [illegible] the God requires silver plates. The balance credit of the temple would be only Rs.[illegible] after making certain payments due.

Sri Varahaswami temple.

This temple was thoroughly repaired recently at a cost of about ₹1,700/-. The temple servants ask that the floor of the open Prakara may be slabbed with stones and that the big Sudhaiana from which gold had been scraped also should be thoroughly renovated. The works are however very costly and need not, I think, be undertaken. There is a balance of ₹145-11-0 at the credit of this temple.

Sri Lakshmiramanaswami temple.

This temple also was recently repaired and is in good condition.

Sri Thousandfeetmandapam temple.

This temple was repaired about 4 years ago at a cost of about ₹4,000/-, but it still requires some repairs in the Vahana mandapa. For this and the Ashtabandhana of the several Vimanas in the temple, a sum of ₹700 was sanctioned last year, but the works are yet to be taken up for want of a suitable agency which will be fixed after the Vasantotsava (1941). The balance or total covering of the Gopuram is to be built with old at a cost of about ₹1,000/-. The balance at the credit of this temple is

(1)

Rajamundry
9/1
15/4/41

Sri Chamundeswari temple on the Hill.

Repairs and improvements to the extent of ₹36,000 odd have been sanctioned recently and the entrusted to the Palace Officer for execution. The question of constructing an enclosure for the car and the acquisition of two houses therefor is being dealt with by the Palace Officer who has promised an early report on the subject. There is a doubt that even the space occupied by the two houses in question will be found insufficient. The temple does not yet show any savings at all, owing to the costly repairs effected to the car and to some of the jewels. The cost of feeding in the Devikere is being exceeded at the rate of about ₹50 a month owing to the increased prices of provisions, and money has to be found therefor.

The Sri Lakshmikanteswara temple calls for no remarks and to the Sri Narayanaswami temple repairs have been recently sanctioned. The Ullenahalli Sri Jwalamukhi Ammanavaru temple is in need of repairs and a sum of ₹1,000 odd has been sanctioned for its restoration. The Sri Chandramowleswaraswami temple on the way to Paschimavahini is in good order, half of the charges of feeding during the Tulamasa is debited in equal proportions to this temple and to that of Sri

Manonmaneswara, the balance is only ₹339-7-11 at the credit of this institution. The Palace Officer was requested to try and give out for cultivation 49 acres of land belonging to this temple which are lying fallow.

The Sri Manonmaneswaraswami temple requires repairs to the extent of ₹700/-, but the balance on hand is only ₹19-8-4. Funds will be found upon receipt of the report from the Palace Officer.

H.H. the Maharaja's Chattram at Mysore.

The balance at the credit of this Chattram is ₹7,947/-, but a large portion of this has to be paid away for excess in the cost of feeding due to the large number of visitors and the high prices of food grains. The amounts of such excess are shown below:-

For excess cost of ordinary feeding from July to December 1905.	₹800-0-0.
Probable cost of ordinary feeding from January to June 1906.	,,600-000.
Distribution of Kangalarakki rice from June to December 1905.	.,,800-0-0.
Probable cost of Kangalarakki rice from January to June 1906.	,,600-0-0.
Additional cost of feeding during the visit of H.R.H. the Price of Wales. .	,,906-13-4.
Total	₹3,706-13-4.

Thus, all the savings are likely to be taken up by this item

of excess cost of feeding, leaving nothing for permanent improvements. Repairs however to the extent of Rs2,000 are urgently required for this institution, besides a sum of Rs1,000 or so for acquiring two well gardens by the side of the Chattram which are making the place damp and insanitary. It would appear that about Rs 3,000 belonging to the Budget of this Chatram have lapsed to the State during the past 5 years. I have requested the Palace Officer to investigate the point and submit it for orders in view of getting back the amount, if possible.

Recall may be necessary

No 3
Agl Sanad
Rf
18/4/06

Last year, H.H. the Maharaja was graciously pleased to sanction a sum of Rs1,800 being the excess expenditure incurred during the last Dasara and also an annual provision of Rs1,500 for similar expenditure in future. This is a great boon which will obviate future applications for the feeding during the Dasara.

H.H. the Maharaj 's Sanskrit College.

Repairs to the extent of Rs2,000 were executed recently and important improvements were made in the quarters allotted for the occupation of the students. A well which I found in dirty condition during my recent visit was ordered by me to be cleaned out and there at a small cost of Rs25. Some other

21/3/06

Inspection notes of the magisterial Institutions for the month of June 1905

21st June 1905. Inspected the magisterial institutions which are under the management of the Deputy Commissioner. Mr. C. Krishna Rao, Asst. Commr., Mr. Venkataramaiah, Sheristadar and Mr. Shahab Ahmad Pandit, one of the Dharmadarsis, accompanied me -

Inspected the site selected by Mr. Vishnu Das for the construction of an Agraharam and a temple. The site is just behind the Bakshi Narasappa's new Agraharam and

bungalow - It seems the
Municipality are willing to
hand over possession of
the site provided its val
is paid by Mr Vishnu Das
but it appears that Mr
Vishnu Das wants the site
to be given to him free of cost
in consideration of the
charities proposed to be
established by him - Mr
Avinash Pandit said
that the site was acquired
at the cost of Govt for
the Municipality, who have
therefore no right to demand
its value from Mr Vishnu Das -
The matter is however under correspondence
with the Dy Commr.

Inspected the Sch

Vide finance order of Govt-
dated
20

Parasuma Nanjundeswara

Swami temple at in

Santipet.

It was used

as temple authorities

way for the use of the

temple at the rate of

3 pies for each cart-

load is brought into the

temple Compound. This is a

source of income to the

Institution.

One Gollar Dasappa

wants to build a small

Subramanyeswara

- Swami temple within

the temple premises, by the

side of the Kitchen - 4

stone posts have been fixed

for the purpose - He said

a Nawagraha temple also

on the other side of the

to

entrance ^ and the two

small temples viz Subramanyaswamy

and Nawagraha ~~may~~

might be symmetrical.

The Dy Comr has already

been requested in his

Office letter no dated

that the devotees who build

such small temples and

Ciniveratti idols therein

must ~~make~~ be required

to make ^ arrangements ~~for~~ from

their own funds for their

daily worship &c. He will

be reminded of it again -

He will also be requested

in future

not to permit the ~~building~~

^ construction of any building

within the temple premises.

without the previous
sanction of Government,
as the ~~[illegible]~~ multiplication
of such small buildings
would mar the beauty
of the main temple itself.

Mr. Amrith Pandit
represented that another
Kumalgar was necessary
for the temple. This point
will be considered when
the proposals are received
from the Dy Comr., as
has already been called
for, for revising the
temple Establishment.

It was also brought
to my notice that in
the Annamanam Swamithi
the duties were going to
have constituted two

entrance and consumable

therein Vishnuswara and

Subrahmanyaswara -

There seemed to be no

objection, but they should

get formal sanction

of Govt. for doing so -

It was proposed by

Mr Amrith Pandit to have

stone slabs spread in

the Compound thoroughout,

for about 10 ft in breadth -

An estimate will be called

for for the work in question.

Buildings,

Compound wall and

some of the Vahanams,

require repairs - The

Ty Comr will be requested

include Rs 1 lakhs

also in the Estimate.

Inspected Bakshi

Municipal's Chattram.

The building is very dark

and is kept very dirty.

Water stagnates inside

and the smell is obnoxious

It requires thorough

repairs including the kitchen

and skylights

should be opened to

have sufficient light.

A latrine should be

newly attached to the building.

The Dy Comr will be

requested to submit

an estimate for all the

above items of works

A Tamukil Patrol,

is based on the upkeeping

of the Chattram. The Dy

Comr will be asked to

and if not why a small
rent should not be charged -

The servants represented
that they did not receive
their pays for the past a few
months - This will be enquired
into.

Visited the Kalumma
temple which was recently
ordered to be taken under
the management of Govt in the August last -
owing to dispute between two
parties. The building is
a spacious one. Esmara
and Kalumma are the principal
deities under worship -
Puja has been recently
resumed. A building
within the temple compound
is in a dilapidated

No (3)

are to be opened as the temple is dark. It appears that Rs 8 per annum are recovered from the shops attached to the temple

Jumma Masjid :-

No (4)

The sanctioned repairs have been completed. The two rooms on both sides of the "Prayer Place" require repairs as they are reported to be leaking. The latrine attached to the building has been separated from the Masjid proper by the City Improvement Trust Board, who have opened out a new road. It appears that the latrine will be dismantled by

the premises of the mosque

there is a dilapidated

building, which is alleged

to belong to one [redacted] Ummersaib

He sues he demands a

Compensation of Rs 15-8- for

the house in question. As

it is very necessary to acquire it for the mosque

~~it~~ and dismantle it, the

Dy Comm will be requested

to take early steps for

its acquisition

Inspected the

Rahimanshah markaz -

The markandar complained

that 1600 square yards

of site belonging to the

markaz were taken by the

city Improvement Trust-

a Compensation of 8 annas
per Square Yard was
awarded instead of
one rupee, which was alleged
to have been ~~awarded~~ paid
by the Municipality
on a former occasion
for a portion of the
Site acquired by them.
The matter will be disposed
of separately, as a
separate Communication
has been received from
the Dy Comrs.

Pambamurthi

Anjaneyaswami temple

---

(5) There are two shops
attached to the temple.
They have been rented out
respectively
for Rs 2 3/4 and Rs 2 ~~1/4~~ per

in Dordrecht, which is the
Central place of trade,
the results were limited on them
~~and so~~ appear to be very low.
The Architect was requested
to mention the loss to the
best advantage of the temple

The sanitary
repairs have been completed -
Behind the temple proper
there is an open space
where a well is situated -
The Architect wants to
cover up the roof. This
should not be permitted

The outside appearance
of the temple ~~could~~ ought to be
changed so as to give it
an appearance of the temple.
~~It~~ It now looks as

The report called for from the Dy Comrs, regarding the lands endowed to the temple has not yet been received. A reminder will be sent again -

Jaggu Lala's

No (6)

Dharmasala :-

The Dharmasala is now being managed by one of the descendants of the founder, named Subbaramanayya Lala.

The report called for from the Dy Comrs regarding the Inamvillage attached to the Sastry has not yet been received from the Dy Comrs. A reminder will again be sent -.

Kudaleshwaraswamy

temple :-

No (7)

This temple enjoys a small Inadik and is situated near the Doddakere tank bund - A betel garden near the temple belongs to the Trust and it is reported that it has been leased out for an annual rental of about 70 rupees - The rental amount accrued is said to have been invested in the Post-Savings Bank - The Shanubhogaru Sri Avinash Pandit requested to sanction the construction of a new kitchen at a cost of about Rs 150.

A branch of the Mungo
^
tree projects just at the
entrance of the main
temple. This should
be removed at once -

It seems the Mahu-
-dewa (now in ruins)
was constructed by
some devotee. The
Dy Comr will be requested
to see if he can have it
removed by
the devotee situated in
the Fort.

Attended matt:-

In the matt are
circulated the Annual
Administration Report
temple committee by
Executive Officer,

and the Brahmanas of
Satyasanketasthapanacharyulu
and Satya Sankalpa
Swamigalu. An Inam
village called Gopalswami
in the Guntur Taluk is
endowed for the maintenance
of this matt. One of the
duties of Satya Sankalpa
Swami's Brindavana
is missing. This should
be replaced -

For the Archakas
of Satya Sanketasthapanacharyulu
Rs 250 Two silk and Cumblies
are given every year from
the Palace. The Inam village
of Gopalswamy is said
to be intended for the
maintenance of Satya
Sankalpa Swamigalu -

Copied with the
Permission of the
Palace Authorities
P.V. Seshagiri Rao

The whole building requires thorough renovation —

There is a house belonging to the Vyasaraya Mutt. It is in a very dilapidated condition. It is said that this was given as a gift by some one — Steps will be taken to repair the building thoroughly and to rent it out —

Dattatreya temple

This temple is being constructed by a Bairagi from private subscriptions It is opposite to Sultan Bhavanadas

Notes of Inspection.

-----:&:-----

On the morning of Tuesday the 3rd May 1904, I inspected the under - mentioned Muzrai Institutions in Mysore City which are under the Management of the Palace Controller':-

I H.H. the Maharaja's Chattram

II Sri Varahaswami temple

III. Sri Prasanna Krishnaswami temple

IV. Sri Lakshmiramanaswami temple

V. Sri Trineswaraswami temple

2. H.H. the Maharaja's Sanskrit College and the Sri Prasanna Kanjundeswara swami temple at Santepet, Mysore City were also inspected. The compound wall round this temple requires certain petty repairs and the Dharmadarsi of the temple Mr. Amble Anniah Pandit who was with me said that an estimate had been prepared for the work. The Deputy Commissioner will be requested to expedite the submission of the estimate.

3. I noticed that certain travel individuals who are devotees of the temple

(1)

have built minor shrines within the compound of this temple and consecrated therein the Vigrahas of Sri Narayenswami Veerabhadra &c.. It does not appear that provision has been made by them for the maintenance of their worship . The sanction of Government ought to have been obtained before such additions were allowed to be made but as the works have been completed and the Vigrahas installed, the only remedy now is that the devotees who built the temples should be asked to make due provision for the performance of regular worship &c therein. The Deputy Commissioner will be addressed on the subject.

Issue the draft
Ill 4/8

3. H.H. the Maharaja's Chattram was next inspected. The roofing of this building which is covered with country tiles has undergone repairs several times and is even now in need of being shifted and replaced here and there. It was said that monkeys meddled with the tiles and deranged them and that nothing short of roofing the building with Bengal terrace would prevent the

monkeys from officiousness. But the cost, I think , will be very heavy and what is immediately required is that certain petty repairs should be executed to prevent leakage.

(2)

Issue draft as altered RR 4/8

The temple built by Mr Kantaraguru was also visited.

4. Under orders conveyed in Govt. Pro. No. 1283-4 dated 7th June '04 Sanskrit School- going students not exceeding 30 in number are fed in the Chattram without exceeding the sanctioned allotment of ₹600 . There are now 24 students actually fed, and all of them get scholarships from H.H. the Maharaja's Sanskrit College. In the Order referred to above, the Palace Controller was requested to report whether the scholarships held by such students might be withheld in whole or in part and placed at the credit of the Chattram. No such report has been received as yet. The Palace Controller's attention will be invited to the Prc. and a report will be called for as above. A lsit of the students fed is appended.

Reply has been rec'd & disp'd of No enquiry need be made now. RR 4/8/04

5. The list of Nehimidars was examined and the authority sanctioning the Nehimi allowances is not quite apparent in some cases. In some cases it is merely said that the allowances are granted on the oral orders of the Palace Controller and in some cases under the oral orders of "Ramanna, Manager". As a rule it is not desirable to admit any new Nehamidars into the Chattram as the object of the grant viz, the feeding of the bonafide travellers will thereby be defeated. The Palace Controller will be requested to report the circumstances under which new admissions were made in spite of the Government orders on the subject.

(3) New admissions are not being made by the Controller — No reply is now necessary 4/3

6. A piece of vacant ground adjoining the Chattram was stated to be required for the Chattram and I think it is really necessary to acquire it. In June 1900, when I was on special duty in connection with the general feeding on the occasion of the marriage of H.H. the Maharaja, I had to keep a watchman to prevent people from committing nuisance in the place while close

by feeding was going on. As this belongs to private individuals it will have to be acquired under the Land Acquisition Act in communication with the Deputy Commissioner. I believe the cost will not exceed Rs 30 or Rs40.

(4) Area draft 4/8/64

Sri Varahaswami temple.

(5)

7. This important temple is properly conserved . There are however a few peepal trees growing in the cervices of the water spouts and on the Gppuram. These will have to be rooted out.

8. An estimate for flooring the kaisale Mantap of the temple with stone slabs appears to have been prepared,. This is very desirable, if funds can be found, as the chunam flooring has given way in many places.

9 It was 9 o'clock in the morning when I inspected this temple and at this hour there were only 8 persons of the temple establishment present. From the attendance register it was observed that the marginally noted persons have been absent for the last

two months nearly without even obtaining leave.

10. The Barawarddars whose names have been entered in the revised Tasdik Patti have not been attending to their duties. They have appointed gumastas who perform the work, receiving a moiety of the allowances attached to their respecti offices. In the interests of the temple, the Barawarddars should either perform their duties themselves or give up the entire emoluments which are generally small to the substitutes.

Issue draft 4/8/04

Sri Lakshmiramanaswami Temple.

(6)

11. The roof of the store room of this temple leaks badly. It requires early repairs and an estimate will be called for from the Palace Controller. This temple is otherwise kept neat and clean.

Prepare task 4/8

Sri Trineswaraswami Temple.

12. The Ashtabandhana of the Vigraha in this temple requires renovation, and an estimate will be called for for the purpose. I found the windows newly opened in the Garbhagudi kept shut and the adjacent

walls soiled with dirt and soot. The Chief Parpattegar does not appear to be regularly attending to his duties.

Prakara draft KK 4/8 (8)

Sri Prasanna Krishnaswami Temple.

13. The kotara in this temple in which Kotarotsavam for 10 days in the year was being held is a beautiful and architectural mantap constructed apparently at a large cost. The gable over the 4 neatly carved pillars has been removed and portions of the mantap are exposed to sun and rain. This, I think, requires to be carefully conserved.

14. The Garbhagudi (Sanctum Sanctorum) leaks badly and the same has been reported to the Palace Controller by the temple Parpattegar. An estimate to stop the leakage will be called for. The car of the Ammanavaru of this temple is also in need of repairs. The flooring of the Prakara of the temple requires to be slabbed; and an estimate therefor is stated to be under preparation. The Dhwajasthambha requires petty repairs.

Index draft KK 4/8

5th May 1904.

15. The temples of Sri Chamundeswari,

on the Chamundi Hill were inspected.

16. Unlike other temples, Abhisheka twice a day- once in the morning and again in the evening- is regularly performed in the Sri Chamundeswari temple. The recent repairs executed to the temple have given it more light and air. The worship &c., is properly conducted.

17. Valuable Saries (ಸೀರೆಗಳು) presented (9) from time to time by the family of His Highness the Maharaja are now kept in a broken box. A large steel trunk may, I think be given to the temple authorities for the purpose. The Palace Controller will be requested to purchase one.

18. The wheels of the Simha Vahana have deteriorated. They require to be replaced with new ones.

Issue file 4/8

19. The Dhwajasthambha of the Sri (10) Mahabaleswaraswami temple has sunk down, the portion immersed in the earth having been eaten away by white ants. This requires to be replaced and as the height of the post is only about 24 feet it is easily procurable.

Issue the draft

Reminder has been sent to the Sahukar on the subject vide no

no (11)

This is costly and unnecessary. No steps need be made
VR 4/8

20. Upon a requisition from this Office the Executive Engineer of the Mysore Division has, after inspection, prepared estimates for repairing the compound wall of the Sri Chamundeswari and Narayanaswami temples and the surrounding wall which during the last monsoons have slipped in places. It is desirable to floor the compound of the Sri Narayanaswami temple with stone slabs to a width of about 3 or 4 feet.

21. From enquiries made by me, I found that the present Dharmadarsees who all live at Mysore are not able to visit the temples on the hill on account of the physical labor involved. The Amildar of the Taluk, except when he may not be a Hindu, may be ~~one of~~ empowered to inspect the temples ~~the Dharmadarsees~~ as he has chances of visiting the Hill on other duties also.

New Dharmadarsees were duly appointed No steps necessary

OFFICE OF
THE PRIVATE SECRE
TO H. H. THE MAHA
OF MYSORE.

Mr. Palace
Bangalore. 5 March

My Dear W. Anantaswami Rao

In reply to your letter of the 1st Instt

I am directed to say that His Highness the Maharaja

will give you an interview at 1.30 p.m. on

Thursday next. (8th Instt)

Yours very sincerely

P. Narahari Rao

D.O. 487

The Palace
Bangalore. 25th Feby 06.

My dear Mr. Anantakrishna Rao.

Now that you have come back after prolonged inspection tours, could you make it convenient to have your notes of them ready, & meet His Highness the Maharaja with them, once at least, during his present stay here? On hearing from you in reply

formal submission of the
may take place in due course

Regds

to this, I shall submit
to His Highness, & let you
know the day & the hour that
he may be pleased to fix for
the interview.

Yours sincerely,
M Ayyangar

P.S. I hasten to note that
this is to be treated as quite an

GOVERNMENT OF MYSORE

Bangalore
7. 3. 06

My dear Sir,

I return herewith the enclosures to your letter. The Diwan has seen them.

Yours sincerely
D. M. Narasimha Rao Esq.

L. Bramhanandam Rao Esq.
Mysore Secretary.

Notes of inspection by the Inspector

of Endowments of the Inspection

Duties under the management

of the Palace Officer

Inspected the following Institutions

on the 18th and 23rd June 1905:—

(1) The Prasanna Venkatesa Perumal

Swami temple in the Pavalakkara

mutt street

(2) H. H. the Maharaja's Chattram

(3) H. H. the Maharaja's Sanskrit

College

(4) The Varahaswami temple

(5) The Pineswaraswami temple

(6) The Prasanna Venkatesa Perumal

(7) The Lakshmivaraha Perumal

(8) The Chakrapani temple

The Prasanna Venkatesa Perumal Swami

temple :—

This temple is situated in

by one Subbarayalu Reddiar during the reign of His H. the late Mummadi Krishnarajendra Wadiyar Bahadur III; who was graciously pleased to sanction a Jodik grant of Rs 5 per mensem — The affairs of the temple are managed by the sons of the two founders who are reported to have been conducting the stipulated services in the temple satisfactorily. The temple is in good condition.

About two years ago the Plague authorities acquired a house by the side of the temple and dismantled it with a view to open out a new road — In the course of dismantling a portion of the temple wall on the east side and the roof were damaged. An estimate amounting to (300)000 Rs has been submitted through the Dy Comr and the Palace Officer for restoring the damaged portions. A separate

Note has been submitted to the Honourable, recommending the amount to be paid from the plague funds —

H. H the Maharaja's Chattrams

The annual Income of this Chattrams including the allotment for "Kanyakumari" and "Sucindram to Peyanguli, is Rs 17950. Repairs to the extent of Rs 5375 were sanctioned in November 1904, which are almost complete. The Palace Officer Mr B. Ramakrishna Rao, who was with me at the time of my inspection pointed out certain additional works which were as follows: —

(1) One portion of the Chattram to be reroofed with mangalore tiles and the existing ordinary tiles on the other 3 sides to be shifted —

"Madhura Kitchen" and the two rooms, and converting the rooms into a large kitchen

(iii) Roofing with mangalore tiles the big kitchen for the Swamikal

(iv) Removing the wall of the Madhura Kitchen situated in the "Vada Totti"

+ (v) Repairing the Ashtabandhana of the Anjaneya Vigraha within the Chuttambalam.

The Palace Officer was requested to submit a separate estimate for all the above items of works —

H. H. the Maharaja's Sanskrit College: —

The annual Sanskrit grant of this ~~Chuttambalam~~ College is Rs 16222-15-11. It is under the management of a Committee consisting of the Palace Officer —

(1) Kumbakonam Inhabitants
(2) Chakrapani Iyengar
(3) Ramaswamy
4 (4) Vakil Indian

as the President, Mr. A Govindaraja Sastri B.A. Curator of the Govt Oriental Library, as the Guru and the marginally noted Dharma Palace
- dhikaries as members - 182 students were reported to be on roll on the day of my inspection 30 students are fed in H. H. the Maharaja's Chattram and free quarters in the College premises are provided for about 80 Students

Repairs to the extent of Rs 2245 were sanctioned in September 1904 and the work has been completed - The President personally proposed to have the building thoroughly whitewashed and to have the existing latrine on the south side removed adjoining one of the rooms and reconstructed outside the College Compound - A proper

cases in one of the Lotus ~~to~~
fell down - This requires immediate
restoration.

The Architect was requested
to send up a separate estimate for
the above items of works —

'Sri Varadharaja Swami temple: —

This temple gets an annual
inam ground of Rs 4329. Repairs for
Rs 1285 were sanctioned in September 1904 —
The repairs are almost completed. The
pillars have all been nicely coloured —

The Superintendent of this temple
was with the gracious sanction
H. H. the Maharaja, ordered to be
transferred to the Sri Lakshmiramana
Swami temple, in connection with
the gold stamping case in the former
Institution, the Superintendent of the
Lakshmiramanaswami temple

ordered to be transposed to the
Varadhaswami temple. Though the
order of these transfers was issued
from Govt. in 1904, it
has not yet been given effect to —
The Patwari Officer will be asked
to explain why the Govt. orders
were not carried out.

Srinivasaswami temple:—

The annual cash income of
this temple is Rs 2011. Rs 723-9-0
were recently sanctioned for repairing
the Ashtabandham of all the vigrahas
in the temple including the mula-
-varas, but the work is not yet
been undertaken — The Patwari Offr.
explained that Rs 500 at least would
be required more than the sanctioned
estimate to do some of

Commence the work at once and

then send up a supplemental

estimate for the excess amount

required —

The brass (Cu Zn) bushes

of the Ammonia requires repairs —

This should be attended to —

It seems best a durable of

to have the copper Cu Zn plate

with silver, if a new one is used

This is an item of work to be undertaken

by the Executive Engineer —

Sri Prasanna Krishnaswami Temple

This temple is endowed with a Cash

grant of Rs 13722-4-1 — Three estimates

were sanctioned in September 1904, one

for the preservation of a new Car to the

at an estimated cost of Rs 1950;

temple, one for the petty repairs required

existing car at Rs 99;

to the temple and the third for the

repairs of the Car Shed at

The second and the most urgent of works have been completed but the first item viz the preservation of the east has not yet been undertaken. The Palace Officer will be requested to attend to this work at an early date —

(i) A drainage for the kitchen is very necessary —

(ii) It was reported that the roof of the Pátála Ankana was leaky —

(iii) The door curtains require to be replaced by new ones —

The Palace Officer will be requested to send up an estimate for these above items.

The temple-servants have been repeatedly urging the necessity for reconstructing the Vahana and the roof of which fell down [illegible]

Mr Arulala Subramaniam

~~[illegible]~~ is said to have presented

the temple with an Ardhajaja (½ ozv)

made of gold worth about 350 Rs.

Lakshmiramanaswami temple :—

This temple gets an annual cash

grant of Rs 2019 — Repairs to the extent

of Rs 733 were recently sanctioned

and the works have been completed

satisfactorily —

The stone mouse is always damp

on account of the Palace Channel

behind the wall to the north. The Palace

Officer will be requested to see what

- something is done to prevent dampness —

The Palace overseer in charge of the repairs

promised to get it done & by the Contractor

without any extra cost —

The Ashtabandham work which

was sanctioned but which has not yet

him undertaken should be attended
to at an early date.

The Chamundeswari Amman
temple

~~Attached~~ This temple and ~~also~~ the
Mahalakshmi and the Ganapathi-
swami temples on the hill and
the Gowda Mahi Amman
temple at Attimahalli are entrusted
with a total cash ground of ~~Rs~~
11 thousand and odd rupees. An
estimate for nearly 8 thousand
rupees for the repairs of the
temples and the compound wall
for undertaking following additions
on the hill has been received. All
the items of works herein proposed
for were carefully gone through
in company with Mr Rao Bahadur
Rama, Palace Officer and Mr
Rowson, the Asst Engr who

(12)

the estimate. - Some of the

to the extent of saving Rs (300 /-)

in the estimate

were found unnecessary and a new

for keeping lumber was found necessary.

A statement will be submitted

will be shortly submitted -

Draft on Inspection Notes

Mysore (7)

To

The Officer in charge of the

Palace Estts, Mysore

1-1901

No 1163 S/27 8.07

Sir,

When the 2nd Councillor inspected Jagannatha's Dharma-sala at Mysore on the 26th June last, he observed that the floor and some portions of the Dharmasala buildings were in need of urgent repairs I am directed to request that you will be so good as to get the needful works promptly ~~done~~ executed by the manager of the Dharmasala, obtaining professional opinion beforehand

2 The Councillor also heard complaints of the mismanagement of this charity I am directed to request the submission

Thavere,

Cis order)

19/8/07

Secretary.
